

YELLOWKNIFE CATHOLIC SCHOOLS

SUPERINTENDENT'S MESSAGE

September 6, 2011

It's hard to believe that the first full week of school is already behind us and everything is in full swing. We have had several new families join us and we look forward to working with their children. It is important that you get to know your son/daughters' teachers so we hope that you will be able to come out to our September events that provide you the opportunity to meet the staff as well as have your child share some of the learning that will have taken place already.

This week École St. Patrick High School will be holding a family BBQ on Thursday beginning at 5:00. This will be an opportunity to learn how to access your child's homework, timetable and how to check their attendance in ESIS.

École St. Joseph School and Weledeh Catholic Schools will be holding Celebration of Learning evenings on September 15th from 6:00 - 7:30.

For more activities taking place in the schools please make sure you check out the school calendars on their websites.

We hope all of you will be able to attend these events.
