

## **SUPERINTENDENT'S MESSAGE**

Monday, April 26, 2011

I trust that everyone had a peaceful and blessed Easter weekend. Hopefully the spring weather will soon join us as we move into May next week. Last week was a busy week for many of our students as they participated in the Skills Canada competition. Our students are so lucky to have the opportunity to highlight the skills they have been learning in Trades and Technology. Our students did very well in a number of categories. The next step will be to represent us as they move on to compete in the nationals. It is always nice to see former students return to compete in the Post-Secondary category. Below are the names of those who received medals. A huge thank you to the staff who have not only been involved in teaching our students but also in coaching our competitors.

### Gold

Lucas Malmsten in small powered equipment  
Antonio Lewis in welding  
Anne Elder in aesthetics  
Sheldon Cumming in carpentry  
Sebastien Remillard in cooking  
Brittany Hagerman in hairstyling  
Greg Huvenaars in workplace safety

### Silver

Megan Harwood in aesthetics

### Bronze

TC Ibey in small powered equipment

### Former St. Pat's students:

Tara-Lynn Andrew - gold in post-secondary carpentry  
Chris Mailloux-Schreder - gold in post-secondary welding  
Dylan Crawley - gold in post-secondary electrical wiring  
John Spoelder - gold in post-secondary auto service  
Adrian Gherghe - silver in millwright  
Curtis Beaulieu - silver in post-secondary welding

God Bless,

Claudia Parker, Superintendent  
Yellowknife Catholic Schools
