At Ecole St. Joseph School, we provide an opportunity for our students to become bilingual. Our program is designed for ALL children, whether your child's first language is French or English. Students may register in our French Immersion program in Kindergarten or at the Grade One level. Students who wish to keep their bilingual studies may continue at Ecole St. Patrick High for grades nine through twelve.

We provide a variety of supports that help ensure that your son/daughter has a positive experience. Such things as:
