4.02 Evaluation of a teacher’s university education shall be the number of completed years of training as recognized and determined by the NWTTQS.

Teachers must apply for a NWTTQS evaluation. If an NWTTQS evaluation is not provided, the teacher shall be placed at Category 4, Step 0 and receive no increment until the NWTTQS is received.

Teachers already employed who are seeking reclassification must submit to the Board a revised NWTTQS evaluation. Any retroactive adjustment resulting from such reclassification is limited to the date the teacher submitted the request for reclassification, or the date the additional education was achieved, whichever is later.

4.03 The salary will be divided into twelve (12) equal payments with the first payment on the last day in September and the balance of payments on the last day of each month following. For employees other than substitute teachers, a mid-month advance in the amount of one-half (½) of the monthly net pay rounded down to the nearest dollar shall be paid each month. This pay schedule shall be for the entire twelve months of the year with no June payout.

4.04 Any teacher leaving before the end of the school year for a cause acceptable to both parties shall receive the portion of his/her salary for which he/she has worked based on 192 days per year. This payment shall be made not more than thirty (30) days after the date of termination.

4.05 For all teachers hired after the school year starts the adjustment date for changes in the number of years allowed for teaching experience shall be:

a) July 1 of the following year if the number of days of teaching experience in excess of a teaching year held by the teacher at the commencement of employment with the Board, plus the number of teaching days with the Board in the initial school year is greater than or equal to 150; or

b) On the anniversary date of commencement of employment in all other cases.

4.06 Part-time teachers will not be required to work more than their regular hours for three-way conferences, or PD days. Part-time teachers who choose to work a full day will be paid at the substitute rate for the time over and above their regular hours.
4.07 The Board will deduct the NWTTA Membership Fee from the teacher’s monthly salary and transmit such deduction by the last business day of each month through Electronic Funds Transfer (EFT) to the bank account provided by NWTTA Central Office and notice of EFT along with a report by teacher (listing name, address, phone number, employment location, full-time equivalency, gross pay and membership fee deducted) by email to finance@nwtta.nt.ca.

14.04.2 A teacher who wishes to take parental leave shall apply in writing for such leave not less than three (3) months before beginning parental leave, unless the medical condition of the birth mother makes it impossible to comply with this requirement or the date of the child’s placement with the adoptive parents was not foreseeable, in which case notice shall be given at the earliest opportunity. 19.01 All positions shall be tenured, non-tenured or term as outlined in 1.22 (A term teacher is a teacher hired for a defined period of less than a school year). A non-tenured teacher shall receive tenure after two (2) years of satisfactory performance and completion of the district faith formation program.

i. Tenured teachers can be released for the following reasons:

a) cause;

b) incompetence; or

c) reduction in staff.

Conditions for dismissal are provided for in The Education Act and Regulations.

ii. Non-tenured teachers can be released for the following reasons:

a) cause;

b) incompetence;

c) reduction in staff; or

d) redundancy of position or need.

Conditions for dismissal are provided for in The Education Act and Regulations.

Notice of non-renewal of a contract, together with reasons, shall be delivered to the teacher in writing no later than April 20 (Article 19.03.1).

Any teacher receiving such notice may request a meeting with the Board in Committee to discuss the reasons for giving the teacher notice. Where such a meeting is requested, it shall be held within twenty (20) school days of the request being received by the Board.

iii. Supervision of non-tenured staff shall occur as follows:

a) A minimum of two written evaluations per year by school administration (one Performance Status Report completed by December 15, one Summative Evaluation completed by March 31).

b) In the case of a negative Performance Status Report on December 15, an additional Summative Evaluation will be completed on the teacher by February 1.
The final written summative evaluation must be completed by April 20.

A minimum of one written summative evaluation per year may be requested by the teacher from the Assistant Superintendent – Learning and/or the Superintendent to be completed before April 20.

In the event that a non-tenured teacher in the first year of employment receives a negative evaluation in writing by April 20, that teacher, if retained, will be informed in writing that the second year will be a year of trial, and improvement will be required. Non-tenured teachers having a negative evaluation(s) in their second year will be notified by December 15 of their pending release.

iv. Supervision of tenured staff shall occur as follows:

   a) Evaluation shall occur every five (5) years by school administration and / or the Assistant Superintendent - Learning and / or the Superintendent. Teachers may choose a summative evaluation or a path from the Developmental Track included in the Board’s Teacher Supervision, Growth and Review model and process, as approved by the Board. A summative path must be used every ten (10) years. Additional evaluations can occur at the direction of the Superintendent.

   b) The Summative Evaluation process shall be completed at least one month before the end of the school year. Teachers may request a Summative Evaluation at any time. Summative Evaluations are placed in the teacher’s permanent file.

       If any of these evaluations are negative, the Board agrees to make available all reasonable assistance from the Board and its officers to rectify any problem area that may be revealed in the evaluation. The teacher and evaluator will document reasonable assistance in a collaborative Action Plan.

v. In the event of reduction in staff, cuts shall first be made from non-tenured staff based on the following:

   a) need and positive performance evaluations;

   b) seniority.

       Where the factors in a) are the same, seniority shall govern.

vi. Staffing cuts from tenured staff shall be made using the following:

   a) seniority;
b) positive performance evaluations;

c) need.

Where performance evaluations are positive and reductions are consistent with Board need, seniority shall govern.

vii. In points v. and vi., the Board shall determine need based on program specialty, school population, change in structure, budget, and operational effectiveness; however, the parties do not intend that the consideration of these factors would allow for reductions of more senior staff solely because of their higher placement on the salary grid.

viii. In the case of lay-off, teachers shall receive notification no later than April 30.

A teacher who is laid off shall be placed on a recall list for twenty-four (24) months. While any teacher is on the recall list, his or her seniority shall be maintained but the teacher shall not accrue seniority during this period. A teacher shall lose seniority in the following circumstances:

a) If he/she is discharged for just cause and is not reinstated;

b) If he/she resigns voluntarily;

c) If he/she is on layoff for more than twenty-four (24) months; and

d) If, following layoff, an employee fails to accept a position within seven (7) working days of receipt of notice of recall, unless on reasonable grounds the teacher is unable to do so. An accident, illness or other reason acceptable to the Employer shall be considered reasonable grounds.

Benefits while on Layoff status – Employees are not eligible to continue in the Benefit Plans during layoff. If a teacher is recalled, the teacher will maintain sick leaves under Article 9 and professional development accounts under Article 23 that they accrued prior to their layoff.

19.02 Notwithstanding Article 19.01, the Board may at any time place a probationary teacher on permanent status prior to the end of his/her first two (2) years of employment.

19.03 19.03.1 Resignation - End of Year - The resignation date shall be April 20. Any teacher that resigns after the resignation date forfeits any entitlement to benefits under Article 8.04 (a) and (b).
19.03.2 Failure to notify the Board of intention to resign will constitute acceptance of employment with the Board during the school year immediately following.

19.04 Resignation - During Year - Any teacher's position may be terminated at any time by mutual consent of the teacher and the Board. Any teacher that resigns after the resignation date forfeits any entitlement to benefits under Article 8.04 (a) and (b).

19.05 Dismissal - Dismissal in this section refers to a termination of any teacher's employment during the school year or at the end of any school year, beyond the second (2nd) consecutive year of employment. Any appeal of the termination shall be to an Arbitration Board. The appeal shall not proceed through grievance procedure but shall commence at Step A of Article 21.05 of this Collective Agreement.

ARTICLE 20 -- JOINT CONSULTATION

20.01 The Board and the Association acknowledge the mutual benefit to be derived from joint consultation in matters of common interest.

20.02 Ad hoc committees will be established to deal with matters of mutual concern as such matters arise.

20.03 Such committees shall operate by consensus. Decisions made by a committee are not binding upon the parties until such time as these decisions are accepted and ratified by the Employer and the Association.

20.04 The parties shall meet at least three times per year at mutually agreeable dates.

ARTICLE 21 -- GRIEVANCE/ARBITRATION

21.01 Any difference between any teacher covered by this Agreement and the Board or between the Association and the Board concerning the interpretation, application, operation or alleged violation of this Agreement, including any dispute as to whether the difference is arbitrable, shall be dealt with as follows, without stoppage of work or refusal to perform work.

21.02 Any grievance must be submitted within thirty (30) school days of the occurrence, incident, or circumstances giving rise to the grievance.

Any grievance relating to a pay cheque miscalculation must be submitted within one calendar year of the occurrence, incident, or circumstances giving rise to the grievance.
21.03 Where such a difference arises, the parties hereby agree that everything possible will be done to settle such a difference within twenty (20) school days of the grievance or alleged violation being filed in writing with the Board. Any pertinent correspondence shall be made available at that time.

21.04 In the event the grievance is not settled within fifteen (15) school days after the date of submission of the grievance in accordance with 21.02, then on or before a further five (5) school days has elapsed the grievance shall be referred in writing by the grievor to the grievance committee. The grievance shall set out the nature of the grievance, the articles of this Agreement that it is alleged have been violated and the remedy sought.

The grievance committee shall be made up of the following individuals:

For the Board:
   The Chair of the Board and/or another Trustee
   The Superintendent
   Plus one other as may be needed.

For the Association:
   The President and/or Regional President
   The Executive Director
   The employee, if applicable

The grievance committee shall meet and endeavour to resolve the grievance and shall render its decision within ten (10) school days of the meeting. If the grievance committee reaches a unanimous decision as to the disposition of the grievance that decision shall be final and binding on all parties.

21.05 Where the parties fail to reach a satisfactory resolution to the grievance as referred to in Article 21.04; the grieving party may within ten (10) school days refer the matter to arbitration.

The party advancing the grievance to arbitration shall notify the other in writing of its desire to submit the difference to arbitration. Such notice shall contain a statement of the difference and shall specify the person or persons the party giving the notice is willing to accept as a single arbitrator.

If the party receiving the notice accepts the person or one of the persons proposed as arbitrator, it shall notify the other party accordingly within five (5) school days, and the difference shall thereupon be submitted to the arbitrator agreed upon by the parties.

If the party receiving the notice does not accept any of the persons proposed as arbitrator, it shall notify the other party accordingly within five (5) school days and shall indicate the person or persons it is willing to accept as a single arbitrator.
If the parties are unable to agree on a person to act as a single arbitrator, either party may make a written request to the Federal Minister of Labour to appoint an arbitrator, and any person so appointed shall be deemed, for all purposes, to have been appointed pursuant to the collective agreement between the parties.

The arbitrator shall inquire into and determine the difference and shall issue an award in writing. The decision of the arbitrator is final and binding upon the parties and upon every employee affected by it.

21.06 The arbitrator shall determine the arbitration procedure but shall give full opportunity to all parties to present evidence and to be heard.

21.07 The arbitrator shall have authority to determine whether any matter is arbitrable.

21.08 The arbitrator shall not change, modify or alter any of the terms of this Agreement.

21.09 If the arbitrator, by his award, determines that an employee has been discharged or otherwise disciplined by an employer for cause, and if the collective agreement does not contain a specific penalty for the infraction that is the subject matter of the arbitration, the arbitrator may substitute any penalty for the discharge or discipline that, to the arbitrator, seems just and reasonable in all the circumstances.

21.10 The parties shall bear equally the fees and expenses of the arbitrator.

21.11 The purpose of the grievance procedure provisions is to ensure that any grievance is processed in an expeditious manner. Therefore, compliance with the time limits is mandatory. If a grieving party does not advance the grievance within the time limits specified, the grievance will be deemed to be abandoned and inarbitrable unless the parties agreed in writing to waive any time limit. If the respondent fails to comply with the provisions of the grievance procedure, the grievance is processed to the next step, unless the parties agree otherwise.

21.12 By mutual written agreement between the parties, the time limits for each stage of the grievance/arbitration procedure may be extended.

21.13 As an alternative to the formal arbitration process set out above, by mutual agreement of the parties a grievance may be referred to someone who will hear the grievance and at the conclusion of the hearing, give a written order without reasons.

These decisions may not be used to alter, modify or amend any part of the Collective Agreement, and are made without precedent or prejudice to similar or like cases.

The written order will be final and binding upon both parties and no further action may be taken on that grievance by any means.

Any costs incurred in this procedure shall be shared equally by the parties.
ARTICLE 22 -- SCHOOL PLUG INS

22.01 Any teacher who uses a plug in at the school for the purpose of plugging their private vehicle while at work shall be levied a charge of $25.00 per month for the period November 1 to March 31.

Teachers wishing to use a plug in for only a portion of this period will be charged $45.00 per month. Any portion of a month shall constitute a full month.

ARTICLE 23 -- PROFESSIONAL DEVELOPMENT

23.01 Five (5) days in each school year shall be professional development days and such days shall not be deemed sessional days for the purpose of this Collective Agreement and The Education Act. Such days shall be scheduled by mutual agreement between the district and the Superintendent.

23.02 A Professional Development Planning Committee shall be formed to make recommendations on the speakers, subject and content of the five professional development days in the school calendar. This Committee will establish the format(s) and arrange speakers for district professional development days. The Committee will consist of two NWTTA staff members from each school plus the Superintendent and/or designate.

A professional development fund consisting of three thousand dollars ($3,000) will be set up by the Board to cover costs associated with these five (5) Professional Development days. (Substitute teacher costs associated with the planning of these days may be deducted from the fund.)

23.03 A professional development fund consisting of eight-hundred dollars ($800) per full-time equivalent teacher (part-time teachers will be prorated) for each school year shall be used for the professional development of teachers during that year in order to continue to improve the quality and relevance of education to students in Yellowknife Catholic Schools.

This eight hundred dollars ($800) will be held in an individual account for each teacher to be used for professional development when the teacher applies/requests use of this fund. If there is any unused money left over in a teacher’s account, this is carried over into the new school year. A full time equivalent teacher can accumulate up to three thousand dollars ($3,000) in their individual account, part-time teachers will be prorated.

If a teacher leaves employment of the Board and has unused money left over in their account, this money will be transferred to the Professional Development Planning Committee as outlined in Article 23.02.
23.04 Each school will set up its own Professional Development Selection Committee. The Committee shall do the following:

a) establish priorities;

b) select amongst applicants for assistance;

c) establish the amount of assistance which will be provided to each successful applicant;

d) establish dates and procedures for receiving applications for assistance and dates for notifying applicants of the committee's decisions; and

e) establish the necessary administrative procedures.

Each school’s Professional Development Selection Committee shall follow the Professional Development Selection Fund Guidelines in Appendix A to this Collective Agreement.

23.05 Any teacher selected by his/her school's Professional Development Selection Committee for professional development funding shall be automatically granted leave by the Board.

23.06 Any teacher who has received financial assistance from the Professional Development Fund shall submit a report to his/her committee and the Superintendent within two weeks of return from Professional Development. In addition, the teacher may be required by the Professional Development Selection Committee to present a workshop regarding the activity. The presentation may be delivered in French if the teacher is reporting on an immersion or core French activity.

23.07 The following shall be charged against the Professional Development Fund:

Teacher expenses while attending workshops, seminars and conferences shall be reimbursed from the fund in accordance with each school's Professional Development Selection Committee.

23.08 Any application requesting more than two days leave must be approved by the Principal/or designate before the Professional Development Selection Committee will action the request.

a) A teacher can be granted a maximum of three days per year provided the third day of leave is required for travel, to be used for professional development
b) If more than three days per year is granted by the Principal/or designate the teacher shall be required to pay from their Professional Development account the cost of a substitute teacher over and above the three days.

c) Teachers can accumulate their Professional Development days up to a maximum total of five (5) days. This would be done if a teacher had not used their Professional Development leave in Article 23 for three consecutive school years. This above mentioned teacher would still have to receive permission from the Principal/or designate but will not have to pay the cost of a substitute teacher above the three days if granted leave.

d) All Professional Development request leaves over four (4) days must be reviewed by the Superintendent/or designate.

e) Requests to use PD leave days on scheduled district PD days must be submitted to the Superintendent prior to the proposed date of the professional development.

**ARTICLE 24 -- COST OF LIVING IN THE NORTH**

24.01 It is the mutual agreement of the Board and the Association that certain Articles of this Agreement are designed to offset the cost of living in the North and any benefits derived from these Articles should not be duplicated.

It is, therefore, agreed that in the case of an Employee who derives an equal or greater benefit through other employment of the Employee and/or a dependent then the following Articles will not be applicable:

8.01, 8.02, 8.03, 8.04, 10.03 and 17.01

2) The Professional Development Selection Committee will be made up of teaching staff members and an Administration Representative. The Professional Development Selection Committee will usually meet at the end of each month and deal with all applications received during that month. In special circumstances the Professional Development Selection Committee may meet at other times.

3) Professional Development funds may be accessed:
   - for registration to the Yellowknife Educator’s Conference;
   - to attend conferences or workshops;

4) Professional Development funds may be accessed up to the maximum amount that you have individually accumulated in your Professional Development account plus any new amounts available through the life of the contract.

5) Teachers leaving the District with a negative account balance will have to pay back what is owed. For example, if a teacher received $1,000.00 the first year and then resigns before year two is completed they must pay back a proportional % of the money.

6) Teachers who have money left in their accounts after the life of this contract will keep those funds in their accounts. Any new Professional Development funds under a new contract will be added to the individual teacher’s account.

7) Teachers may use their own air plan points to fly to Professional Development opportunities. However, they will not be reimbursed for any air travel expenses other than fees charged to access the ticket.

8) It is advisable to gain prior approval from the Professional Development Selection Committee before travel and accommodation arrangements are made.

9) Any application requesting more than two days leave must be approved by the Principal before the Professional Development Selection Committee will action it.
10) Any application for a discretionary day as part of a Professional Development trip must be directed to the Principal for his/her approval.

11) When teachers return from their Professional Development they must submit a YK Catholic Schools Travel Expense Form, to the Chairperson of the Professional Development Selection Committee. This must be completed within two weeks of returning from the conference and accompanied by a written report on their Professional Development sessions.

12) Advances of funds are available through a written request to board. These shall be limited to 80% of the lesser of:

   a. Professional Development funds available to the staff member; or

   b. estimated costs.

   The balance will follow once the travel expense form and report has been received.

13) Teachers may be asked to present workshops for staff on knowledge they have gained.

14) The Chairperson will advise applicants in writing of the Professional Development Selection Committee’s decision.

15) The majority of Professional Development Selection Committee members must support the application in order for it to be approved. The decision of this Professional Development Selection Committee is final but teachers can apply again with “new or clarifying” information.

STRENGTHENING TEACHER INSTRUCTIONAL PRACTICES

The GNWT, through research, are making a move towards decreasing instructional hours for the NWT. Given this direction they are prepared to allow District Educational Authorities to pilot projects that would redirect up to 100 hours of Instructional time for teachers to work on developing their professional knowledge and skills, and addressing teacher workload. Schools would be closed to students during this time so that teachers could be provided time during the regular work day for this purpose.

Yellowknife Catholic Schools has approved a new Three Year Vision and Action Plan as follows: “YCS will strive to provide faith-based, engaging, collaborative, innovative, learning environments that promote inquiry as a means to develop versatile and involved learners that are advocates of their personal learning journey.”

Our three major goals are:

- Foster inquiry and collaboration through the integration of technology and the development of 21st century classrooms.
- Provide rich literacy and numeracy instruction through collaborative and supportive programming.
- Develop spiritually and culturally-rich global citizens with a sense of social justice and community awareness.

In order to achieve our vision, we have identified various areas where teachers require professional development and support. Yellowknife Catholic Schools recognizes the benefits of having time available, during the regular work schedule, to allow for teachers to be given this support and to do the follow up work required for making positive changes in the classroom. We also recognize that this will help to address staff wellness.
For this reason we are prepared to move forward with this initiative with the following guidelines:

- Targeted, collaborative, professional learning opportunities that will support teachers in moving forward with the vision goals and action plan
- Three days for student assessment and preparation of report cards
- Support for teachers in meeting the diverse needs of their students including training, development of student support and individual education plans, and planning for modified programs
- Teacher planning time

In order to accomplish this, Central Services staff will work with a committee, made up of representation from the NWTTA and Central Services. For the 2017-2018 school year the committee will follow the GNWT guidelines and work together to determine:

- Scheduling of the allotted time in the school calendar
- Activities that will take place
- A balance of professional learning opportunities, collaborative teamwork, and teacher planning time

Specific dates are to be determined in conjunction with School Principals and Superintendent.

This agreement will expire and have no further force and effect as of June 30, 2020 unless impacted by outside legislation.
