May 10, 2021

Dear Parent/Guardians:

With good faith and sincerity, I hope that this letter finds you and your family well. I am sending a special wish that those of you in self-isolation have access to the necessary support your family needs.

I wanted to remind you that May 14 is a JK - Grade 7 STIP Collaborative Time Day for staff, so we will not be holding remote learning classes this day.

We have been planning for this day for quite some time. We do have an outside facilitator supporting staff through virtual sessions. These sessions will serve as a foundational piece for the work we will be doing with our staff in late August.

I hope that it provides an opportunity for your children to enjoy some time away from remote learning and that conditions allow for them to experience time outdoors.

God's Blessings,

Simone Gessler
Superintendent
